## Here are a few basic Instructions and troubleshooting tips to keep TCC media player's smooth playback

· ·

- 1. Reboot your router every few days to keep smooth streaming.
- 2. If a channel is having issue please report it to support (Facebook Group, call etc) with proper channel name instead of number it will be fixed asap.
- 3. You can now only connect to 5 devices only so dont share your login with anyone it will be locked to the device and wont allow you to add any 6th device.
